

## Method of Application:

*\*Always begin with clean hands\**

### **Evenings:**

**Step 1 [cleanse]:** apply a small dollop of cleanser to your finger tips. Gently roll over face to loosen grime and rinse with luke warm water.

**Step 2 [clarify]:** using the supplied spritzer or a clean cotton ball, apply liberally to clean skin. Let dry naturally.

**Step 3 [exfoliate]:** using a circular motion gently rub the Microfiber Cloth around your face and neck. Please keep this technique gentle as the cloth can cause damage when used to roughly.

**Step 4 [hydration]:** using the supplied spritzer or a clean cotton ball, apply 'Banana Hydrating Mist' liberally to clean skin. Let dry naturally.

**Step 5 [Oh No! What Did I Do To My Skin?!]:**

**Step 6 Moisturize [Moisturizing Gel]**

**Step 7 Condition [Camellia Oil / Baobab Oil]:**

This is where the fun begins! You are going to add to the palm of your hand:

2-3 drops of the Oh No! Serum

1-2 drops of the Moisturizing Gel

2 drops of the Camellia Oil

1 drops of the Baobab Oil

At this point, you will spritz your face with the Rose Hydrosol. Emulsify [blend] all four ingredients in the palm of your hand [with fingers] and pat into very moist [hydrosol] skin. That's it! Let dry and follow up With "GoW Veggie Base Cream" if you wish.

## Why choose Garden of Wisdom?

- \* options, lots of options!
- \* cost effective
- \* beneficial scientifically  
proven percent of actives
- \* simplicity/ease of application
- \* top-notch quality
- \* NO parabens
- \* NO silicones
